This has been done.

- b. That you provide us with a list of names of those on both the informational group as well as the discussion group.

We've not received a request from the Session for this information.

- c. That you print off for us the discussion communications from Jan 2004 to date.

See (1b.) above.

- 2. The Shower incident:
 - a. That you repent and seek forgiveness of all adult persons involved in the shower gift incident
 - b. That you do so by letter and personal communication.

The Session is correct that we refuse to do 2a and 2b, anymore than we already have.
